Warning Strike SCB / SCA

Dear Ladies and Gentlemen

An ongoing wage dispute between Hamburger Hafen und Logistik AG and the services trade union ver.di concerning a new collective agreement for the HHLA service companies SCA and SCB has not yet been resolved.

Therefore ver.di has called on the employees of the service companies to go on a warning strike from Tue 2nd Feb 02:00 until Thu 4th Feb 2021 23.45.

As a result, work stoppages and disruptions to operations already started this night and to be expected until Thu 4th Feb 2021 23.45 at HHLA Container Terminals Burchardkai and Container Terminal Altenwerder.

We apologise for any possible restrictions.

HHLA is continuing its efforts to reach an agreement in this wage dispute.

We will keep you informed of ongoing developments.

Yours sincerely

Thomas Lütje
